

Pastor Frank DiMora's warnings food prices will keep rising as Jesus warned

SKYROCKETING FOOD PRICES AND FAMINE

Revelation 6: 5-8 “And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand. And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.”

Explanation:

In the last days the Lord Jesus will break what is called seal judgements. The third seal is a warning concerning global famine that will sweep our planet. The rider on the black horse shows the massive deaths that will come as a result of global famines. These famines will be the worse in the history of man. Notice this rider carries a pair of balance scales, which tells us in the last days the food will be measured. Every grain of wheat and barley will be measured out and, starvation will touch the lives of both the rich and the poor. Christ in Revelation chapter 6 points to wheat and barley however, it is clear from the breaking of the seals that a combination of facts which will include war and inflation will cause massive food shortages and starvation.

The voice announced that a quart of wheat was selling for a denarius and three quarts of barley cost a denarius. A denarius in the first century was usually equal to a day's wages, and the amount of grain given here is just enough to keep a person alive. During the last days people will have to work all day all to buy one very small meal. There is no question the price of food in the last days must skyrocket and, we are witnessing those skyrocketing food prices at the current time. Food prices will continue to get worse as warned by Christ. If you think people are struggling with the current food prices you will be shocked to see what is coming! It is not a coincidence we are being inundated with news reports year after year showing us food prices are setting new high records. Food poverty has already begun which threatens a person's life, not merely their lifestyle. In the last days people will forget about their lifestyle because, they will be consumed with trying to feed themselves. Another thing to keep in mind is the Antichrist will control all commerce during the tribulation, making it extremely difficult for people living in the tribulation to purchase even basic commodities and, that definitely includes all food.

Below are some of my warnings over the years that food prices will continue to skyrocket as warned by Jesus.
